Phone: 402-483-1031

*The Nebraska Soil and Water Conservation Foundation is classified by the Internal Revenue Service as a 501(c)(3) organization.*

October 2010

# Nebraska

## Soil and Water Conservation Foundation

"...an investment in conservation and the advancement of related technologies that help Nebraska develop, promote, maintain and manage its natural resources..."

## Purpose

The Foundation was created in 1988 to provide financial and professional support for the mission of the **Soil and Water Conservation Society in Nebraska**. The Foundation's purpose is to promote and support special activities in education, public information and research.

## Financial Support

The Foundation encourages financial support from everyone who wants to invest in the future of our soil, water, air, plant and animal life...our natural resources.

Activities and programs supported by the Foundation include, but are not limited to...

- Youth Achievement Awards
- Public seminars on land and water quality issues
- Scholarships for college
- Educational workshops, programs and activities.

## Foundation a Partner

As a partner of the Nebraska Chapter - **Soil and Water Conservation Society**, the Foundation provides funding to enhance and expand the programs, projects and services of the Chapter. A monetary gift or endowment to the Foundation is an investment in conserving soil and water, and developing technologies that help Nebraska manage its resources.

## You Can Help

There are many ways you can support the Foundation. Cash gifts are always welcome. It is possible to specify a single purpose for the donation, such as scholarships or general program needs.

Packets of Memorial and Tribute cards are available to express your feelings to others while supporting the Foundation and what it stands for and promotes.

Memorials, contributions for special occasions and tax advantaged gifts are appropriate ways to help. You can also designate the foundation in a will. Some people have already made the foundation a beneficiary of a life insurance policy.

The Foundation will also accept real assets such as land and stocks and bonds. These donations may have some tax advantages. Your financial planner can help you.
